Re: Walmart Neighborhood Market #4046-00  
Garland, TX  
5863-01

Dear David:

EMJ is proud to have completed the Walmart Neighborhood Market in Garland, Texas.

The construction of this Walmart Neighborhood Market consisted of redeveloping 9 acres of the historic Garland Shopping Center and constructing a 41,000 square foot structural steel and masonry building with full finishes. This was a very challenging project with an expedited schedule, inclement weather, and multiple design changes, yet everyone worked together to produce a great quality project which met the client's expectations.

EMJ would like to congratulate Stripe-A-Zone and extend our sincere appreciation for your help and assistance in this impressive achievement. We are proud to have built this project and to have worked with your company in the process. We look forward to working with you again soon.

Feel free to contact me anytime and again, congratulations.

Sincerely,

Heath Wilson  
Project Manager
