Re: Summit Preparatory School
Arlington, TX
5445-01

Dear Billy:

EMJ is proud to have completed the Summit Preparatory School in Arlington, Texas.

This project involved building two separate buildings; the first being a high school for academics and the second included a cafeteria, gymnasium, and library. As additional site work was requested, a detention pond was completed for the school. These buildings are a source of pride for all involved

EMJ would like to congratulate Stripe-A-Zone, Inc. and extend our sincere appreciation for your help and assistance in this impressive achievement. We are proud to have built this project and to have worked with Stripe-A-Zone in the process. We look forward to working with you again soon.

Feel free to contact me anytime and again, congratulations.

Most sincerely,

A handwritten signature in black ink, appearing to read "Ray Catlin", written over a faint circular stamp or watermark.

Ray Catlin
