Dear Mr. Sargent:

I would like to extend my appreciation to Sergio Deanda and crew for expediting completion of parking lot restoration at our facility this weekend. His dedication to details and excellent communications are exemplary and greatly appreciated. The work crew did a great job overall with sandblasting, cleanup, and painting our four large employee lots plus the visitor lot.

Despite setbacks in December due to adverse weather conditions, I was very pleased with getting all this work done by the first week of January. I very much appreciate your responsiveness to our scheduling requirements and making everything happen as it should. Thanks also to Jesse Wuistingner for estimating and initiating the project.

In summary, thanks to everyone at Stripe-A-Zone for the great job at BAE Systems Irving.

Sincerely,

David A. Wilson, CIH, CHMM
