Dear Will,

I wanted to take time to let you know that Cheto and his crew did an outstanding job when restriping our parking lot. Your team worked through the night in an orchestrated manner to produce a finished product that replicates a new facility.

The cleaning of the handicap logos and other areas was done in a manner so as to not leave any debris behind. This was very important to us because of our commitment to protect our environment. Your effort to help us sustain a clean site is truly appreciated.

I have worked with Stripe-A-Zone for many years. When we need maintenance on an existing facility or have a new site ready for striping there is no question and no soliciting of proposals because we want the best and Stripe-A-Zone delivers.

Sincerely,

Myron Albert
